

NORSEMEN MEET AT MINNEAPOLIS FOR CENTENNIAL

Hundreds of Norsemen Gathered From all Parts of Canada and the U. S.

PREMIER BRACKEN, OF MANITOBA, ATTENDS

Dominion is Represented by Fully 8,000, According to Officials.

MINNEAPOLIS, Minn., June 7.—An entire hour was consumed in the formal opening in connection with the celebration of the centennial of the Canadian Pacific railway at the Minnesota state fair grounds. The two cities of Minneapolis and St. Paul, and the city of St. Cloud, were the scene of the gathering. The celebration was the largest of its kind in the history of the city. The celebration was the largest of its kind in the history of the city.

Yesterday morning a special train arrived from the north, carrying representatives of Canada, J. V. Bracken, premier of Manitoba, and W. Bracken, of Winnipeg. Hon. J. Bracken, premier of Manitoba, and W. Bracken, of Winnipeg, were the guests of the celebration.

Canada is taking part in the centennial in the United States and Norway. The celebration was the largest of its kind in the history of the city.

Victor Emmanuel III. Receives Demonstration From Loyal Subjects

ROME, June 7.—Victor Emmanuel III., at the expiration of the first quarter of a century of his reign, received today a popular demonstration which could leave no doubt that, whatever party divisions may divide his subjects, they are still united in their satisfaction with the present monarchic form of government and with having that monarchy personified in the House of Savoy.

The participants were drawn from every nook and corner of the empire.

Former Premier Says Government's Previous Position Untenable

SYDNEY, N.S.W., June 7.—(Canadian Press.)—The former premier of Australia, commenting here on the decision of the Commonwealth government to retain the Commonwealth shipping line, states that the position previously adopted by the government was untenable. He says it would be absurd for a government which had admitted the line to be a failure financially, to try to induce firms to tender for the purchase of the line and run it on conditions which the government found impossible.

Weather Conditions Around Spitzbergen Most Unfavorable

OSLO, Norway, June 7.—After the steamer Ingerd sailed yesterday from Horten for Spitzbergen with the Norwegian gunboat, the weather was most unfavorable.

The advice said spring, with a mild temperature, had set in, but that a light fog was hanging over the water, making it impossible to see the coast of Spitzbergen from the gunboat.

PROVINCIAL MEETS

MANNVILLE OLD-TIMERS HOLD PICNIC JULY 22

(By Bulletin Correspondent)
MANNVILLE, June 4.—The Mannville Old Timers' club met in its first hall on Saturday afternoon, June 4, for the purpose of deciding whether to have a picnic or not and it was decided to hold one on Wednesday, July 22. Committees have been appointed to draw up a full list of picnic guests and other events, which should draw a large crowd.

Mr. and Mrs. Geo. F. Chervett and daughter, accompanied by Mrs. Emily Boyce, mother of Mrs. Chervett, arrived in Mannville on Friday morning, June 5, from Beauregard, Louisiana, and were given a hearty welcome by Mr. L. Amos, supervisor of the R.R., and representatives of the Orange Lodge and the Board of Trade here, who were at the station to meet them. They were taken to the home of Mr. A. E. Williams, where lunch was served, and they were put up for the night at the home of Mr. L. Amos. The Mannville Board of Trade supplied them with a large hamper of supplies.

Mr. L. Amos drove them out to their new home, where they were met by Mr. J. P. and Chas. Reeves who entertained them at dinner and escorted them to their new surroundings. Mr. Chervett expressed his appreciation for the hearty way in which he was received, and thanked all those who were interested in making his welcome pleasant.

The concert that was to have been held in the Orange Hall on Friday evening, June 5, under the auspices of the Ladies' Aid of the Presbyterian church had to be postponed on account of the inclemency of the weather, and will now be held on Friday evening, June 12.

The Mannville baseball team is showing a little life, and is getting in a few practices before the big tour that is to be held in Vermilion, where it is expected that the team will compete.

A meeting has been called for the arrangements of Dominion Day celebration, this meeting will be held in the hall on Tuesday, June 9, at 8 o'clock. The sports committee is expected to make some suggestions and better day than ever. This will be the 20th anniversary of Dominion Day in Mannville on Dominion Day.

The Mannville Agricultural Society prize list is completed and ready for mailing. The Mannville News Printing Co. have turned out a most attractive booklet consisting of 22 pages.

WESTLOK FAVORED BY "MILLION DOLLAR" RAIN

(By Bulletin Correspondent)
WESTLOK, June 4.—Westlok had what the farmers call a "million dollar" rain again this week. It rained so much Tuesday and Wednesday that the annual picnic had to be postponed till June 12. It did not grow too wet for the dance to be held, however, and a fair crowd enjoyed themselves at their favorite pastime.

The roads are not in very good shape at present on account of the rains, though they are drying fast since it cleared.

The wheat crops are coming along splendidly now. Most of the wheat is in the yellow or more, and the grain and garden are doing well also.

Miss Gaden, a school teacher, from Dapp, spent the week-end with Westlok friends.

Many of our young people and some who are not so young have the "tennis bug," this summer.

Both on Sunday, June 2, and on Monday, June 3, Mr. and Mrs. Archie Hollingshead, a son.

C. G. I. T. ENTERTAIN TO AUGMENT FUNDS

(By Bulletin Correspondent)
SYLVAN Lake June 4.—The C. G. I. T. girls entertained in the concert here on Friday evening last to splendid effect. The concert was held in the hall of the hall and was presided over by Mr. Jamieson. It consisted of choruses, dialogue, camp-fire songs, character sketches and physical exercises.

Twenty dollars was raised in the hall and the club funds for sending a delegate to the Sylvan Lake Camp in July.

The Ladies' Aid of the Memorial Church on Friday, June 5, held their annual sale of plants and flowering shrubs. As usual the event was a great standing success. It was liberally patronized by the townspeople but this year possibly on account of the roads that was not as many country folks at the fair. During the hour of 3 and 5.30 p.m. tea was served. Receipts totaled about \$11. Messrs. Terrell of Calgary supplied the plants.

MAKING TESTS OF FARM CROPS A Story Without Words

Valuable Information is Being Secured as Result of Experiments at Beaverlodge.

MANY VISIT FARM

Many Varieties of Grain Are Under Test for Several Years.

BEAVERLODGE, June 7.—From very small beginnings there is developing at Beaverlodge, fourteen miles beyond Stettin, in the Dominion experimental station which, in respect to certain lines of work, takes rank with older and more elaborate institutions of the federal system. For instance, in cereals, the station has twenty hundred rods-rods for the testing of the better proven kinds and in addition to this a two-acre block of the promising new early wheat, Garret, against a similar block of Marquis. These two important varieties are still further matched locally in several cultural experiments.

Fully a hundred plots are devoted to successive weekly sowings of grains. The others to thickened seedling tests with two varieties each of wheat, oats and barley.

Much valuable data is being accumulated by the station. The station is a good way to visit the station is for two or three days from a neighborhood to make up a party and on a day appointed, telephone the superintendent in advance if at all possible. Parties from a distance may camp on the sheltered side of the station.

The station staff will gladly provide the facilities including the use of the house or houses of making such. When a party is in the station, it is possible in some cases to provide a bath, some food will be available, and on any day other than the work. Otherwise the meaning is largely missed.

Another good way is to time one's visit to the most one or more of the several divisional offices who usually come to the station to supervise the work in their respective specialties.

These are, solid, broad-gauge men with a wide knowledge of Canadian agriculture. They are worth meeting and talking with. Two often they have arrived on short notice, meeting local residents outside the station staff.

It is the intention this year to announce their coming in advance, when they are to be visiting farmers to the station, especially on those dates, and to make a tour of the station.

Another time a foreign crop expert, or an expert, may be present, and on a day other than the work, it is possible to see the work. Otherwise the meaning is largely missed.

Its Goodness Never Varies

OLD NATURE is a wonderful maker of flavors. The famous Concord grape marks the very summit of her matchless power. Since 1874 Bright's Concord Wine has been known from coast to coast as Canada's most delicious wine. Year in, year out its goodness never varies. For Bright's are Master Vintners. Long experience in fine winemaking guarantees you a rich, full flavor and a rare bouquet. Be sure of the name "Bright's" on the label. Because demand alone makes a low price possible there are many imitations. When you buy wine buy Bright's Concord.

TIME DEALS KINDLY WITH WALLPAPERS

LONDON, June 5.—Antique wallpaper, 200 years old, will be used on the walls of the new building in the English furniture galleries at South Kensington Museum. The room will be a copy of an 18th century apartment and about the time when Queen Victoria died. The wallpaper has been taken from a room in an old house in Gloucester, where it has hung for two centuries.

FAILURES IN LIFE FAILURES IN MARRIAGE

LONDON, June 7.—"Marriage is not a failure," some of the people say, but the fact is that many marriages fail. The failure of a marriage is a failure in life. The failure of a marriage is a failure in life. The failure of a marriage is a failure in life.

WE MOVE PACK CRATE SHIP

THE ADVANTAGE OF A TRUCKAGE WAREHOUSE is not fully understood by the public. When we ship our furniture it is loaded right at our warehouse. When you ship through firms not on truckage you put the cartage bill to their warehouse and a second cartage bill from the warehouse to the railway loading dock. Avoid this unnecessary expense by shipping through us.

FAMOUS ORCHESTRA COMING TO PANTAGES

Every orchestra and band in vaudeville today carries a title to distinguish it from the others, but there isn't a band on the big time circuit carrying as unique a title as Raymond Fagan's symphonic dance orchestra, which is known as "The World's Fastest Melody Unit." Mr. Fagan and his famous musicians will headline the bill opening at the Pantages theatre on Thursday afternoon, and will be in Edmonton for but six performances.

Perhaps the most interesting thing about the appellation "The World's Fastest Melody Unit" is the fact that it has bestowed upon the band for a reason, and the artist of the entire has united in agreeing that the description is well merited. While their program is varied by the rhythmic dance melodies, the old sweet songs and the classics, there is always featured one or two numbers played at such a breathless tempo and at the same time so technically perfect that the audience is swept into a veritable frenzy of enthusiasm.

Two added attractions in keeping with the high standard of the head-line act, are included in Thursday's program. Lou Miller and Alvin Bradford will offer a farce comedy entitled "Blind Date," which was written especially for their use by William K. Wells. In this act Miller, who possesses a splendid singing voice, takes the role of a beauty dealer, while Alvin Bradford is the party of the second part, who wishes to have her face "fixed."

Called as the "Pittsburgh Zoltans," Bill Malt, a blackface comedian, is the other added attraction. The comic has a method all his own of putting his stories over the footlights and promises some real entertainment.

"The Experts of Harmony and Rhythm" are Ben Ambrose and May, and their program consists of songs, dancing, and good-natured comedy with a surprise finish that is reminiscent of the old minstrel days. The opening act is a spectacular posing novelty in bronze, called "Bungle's Golden Horse." This is a beautiful conception of art studies with a man, a girl and a horse as living models. The third chapter of "The Fox Men" will also be screened this week. Reservations for the night show, which begins at 8:45, should be made at once.

FILMING OF SALLY IS A GREAT EVENT

Sally's at the Capitol theatre right now! Sally's come back to make you laugh and cry and wail. You'll find her, a hundred times happier, after you've met her and seen her on the Capitol screen. Sally! It's a magic name! Bobby Burns first met Sally. And then he wrote songs and poems about this wonderful girl. Then Sig-ald introduced her in a sparkling, enthralling musical show. But now the wonder of the age—the thrill of your life—when you see your own, captivating Calum Moore, in "Sally." Come and bring the children, for they will all enjoy it. Sally! Is just one of those few pictures that are suitable for young and old alike. On the bill, too, is a new first class comedy creation entitled "Jail Yourself," and as an added attraction extraordinary Miss Violet Johnson, the famous Winnipeg "Gladstone," will appear at dances and evening performances. Miss Johnson is on a "Gladstone" tour from coast to coast. She sings as well and plays the piano equally well.

THE DANCERS SHOWING AT EMPRESS TODAY

As a stage play "The Dancers" was an instantaneous and tremendous success, both on Broadway and elsewhere. It was inevitable it should find its way to the screen, eventually, and now the inevitable has happened and it is the attraction at the Empress today and tomorrow.

The story is meant to portray the past, ago and its attendant evils. In place it is inconceivable, but there is much dramatic interest in the situation. It is built around a man who lives a colorful, adventurous life in South America, but keeps always before him the ideal of a perfect love for his childhood sweetheart, who is growing up into a typical "happy home."

Alvin Rubens, cast in the role of the South American dancing girl, is delicate of touch and beautifully restrained in her acting, as always. Maudie Bellamy—lovely of face and figure—portrays the girl, Jack Bennett, Smithing George O'Brien has the leading male role.

"When Lights Are Low"

A FORMAL dinner, a dance, the theatre are occasions that demand the best there is in footwear. Simplicity is elegance when expressed in a pair of patent leather oxfords.

When a man casts aside his business suit to don his formal dress — business worries are thrown to the four winds until the 'morrow.

Even when a man is in formal dress, he must be comfortable, and he really cannot be if his shoes are "bothering" him. We fit your feet properly.

There will be lots of occasions from now on that demand your tuxedo, and it's important that you have a fine pair of patent oxfords to wear with it.

Oxfords at \$5 the pair make them easy buying here.

MOTH IS "TIN LIZZY" OF THE AIR

Capable of being housed in an ordinary garage, "The Moth," a tiny DeHavilland plane, has made its appearance in London. Propelled by a 27 horse power engine it has a maximum speed of 60 miles an hour. Its fuel consumption is 20 miles per gallon and it carries two persons. It is 23 feet, 4 inches long and can be folded up so its width is but 5 feet, 8 inches. An owner in Cincinnati could "hop off" at 9 a.m. and have lunch at noon in Cleveland.

Supreme Court

A claim for \$175,871 under mortgage, chattel mortgage and liens upon the property of the Murray Culler, was filed Saturday by H. L. McIntire of Winnipeg through Woods, Field & Co. Payment or foreclosure is sought. Due to two reasons, the court being occupied by long drawn out cases and the approach of June 30 and the hour bellows, there is at least a dozen civil

non-jury cases now on the docket awaiting trial. No two justices are sitting this week in civil courts to dispose of the lot. Mr. Justice McCarthy and Mr. Justice Ives who were scheduled for a criminal sitting of which there is none this week.

Before Justice McCarthy the following cases are listed to be heard: Fairfield vs. Fairfield; Weenken vs. Schmidt & John; Chornoch vs. Chornoch; First vs. Sanford; Benjamin vs. Hobbitt; Romanuk vs. Pughalski; Vassett vs. Campbell.

Before Justice Ives there are scheduled: Elrick vs. George Bros.; McAuley vs. Duke; Latta vs. Crown Coal; Thork of Montreal vs. Chromik; Gay vs. C.N.R.
